***FULL DETAILS OVERLEAF!***

Remember the old song "These **BOOTS** are made for walkin" – this is a new *interpretation!* Who would have thought that attending a car boot sale - with a difference - could give someone the ability to walk again? We are fundraising to provide a young Sri Lankan man named Rasika (*pictured right*) with artificial legs, following a tragic accident in which he lost both legs from the upper thigh.

# GUERNSEY'S BIGGEST EVER CAR BOOT SALE WILL GIVE THIS YOUNG MAN THE CHANCE TO WALK AGAIN!

We are fundraising to provide Rasika, a young Sri Lankan man (*pictured left*), with artificial legs, following a tragic accident in which he lost both legs from the upper thigh. In a joint appeal with the Guernsey Lord's Taverners we were able to give him, as you can see, one of their special sports wheelchairs. The next step, literally, is to provide him with prosthetic limbs to enable him to walk again. Retired local surgeon Dr. Roger Allsopp has been involved in the assessments that will enable the Dorset Limb Centre's Clinical Director, David Hills, to conduct the procedures. (*These limbs are the only option Rasika has in Sri Lanka.*) >>
